

Preferred Vendor Directory

We won't break your bank.
We've got you covered!

South Carolina
Bankers Association

About Our Preferred Vendor Program

As banking continues to undergo dramatic developments, we must look for ways to help our members retain business, offer first rate service, and increase revenue. The mission of SCBA Services, Inc. is to recognize the unique needs of our bankers, and to review and recommend products and services, which could help make community banks more profitable and efficient. Each of our partners provide top quality services, offer generous benefits, and can add value to your institution.

We are proud to partner with the companies listed in this directory and are so very grateful for their support of the South Carolina Bankers Association and our members.

Centrant Community Capital

Affordable housing finance in the communities you serve!

Centrant Community Capital is a mission-driven lender, leveraging the resources of the banking industry to finance the creation and preservation of quality affordable housing.

Established in 1990, we provide first-lien, permanent financing for apartment communities that are affordable to low- to moderate income households. Our consortium model enables member banks of all sizes to support community reinvestment efforts in their markets in a safe, profitable manner.

With nearly 100 member financial institutions, we are one of the largest consortia of our kind in the nation. To date, we've provided over \$375 million in loans to support the development of over 20,000 units in nearly 400 communities across the Southeast.

MEMBER BENEFITS

- All loans offered for subscription on a voluntary basis – participation is never mandatory
- Select loans that meet your investment, portfolio and CRA goals, at a level that is right for you
- Centrant Community Capital provides on-going support for every loan in our portfolio, including servicing, payment remittance, asset management and annual property inspections
- Exceptional portfolio performance – our loss history to date is less than 0.3% of total loans

Powered by the
Senior Housing Crime Prevention Foundation

CRA Partners

CRA credit you can feel good about.

Since our inception in 2000, we have helped banks across the country earn CRA credit for ensuring safe senior living environments through our turnkey crime prevention program, Senior Crimestoppers. Funded exclusively by the banking industry and endorsed by the ICBA and bankers associations in 43 states, Senior Crimestoppers protects low- to moderate-income seniors living in senior housing facilities, HUD communities and state veterans homes from theft, abuse and neglect.

Unlike some CRA opportunities, our 225 bank partners see the impact of their funds firsthand. We provide flexible funding options so banks can get involved through a community development loan, community development investment or a grant – it all depends on your bank's CRA needs.

MEMBER BENEFITS

- CRA-qualified loan, investment and service test credit
- 100% turnkey solution, no administrative burden
- Flexible, low-risk funding options
- Detailed LMI documentation for CRA exam

SBS CyberSecurity

Consulting - Network Security - IT Audit - Education

SBS CyberSecurity, LLC (SBS) is a premier cybersecurity consulting and audit firm. Since 2004, SBS has been dedicated to assisting organizations with the implementation of valuable risk management programs and to mitigating cybersecurity risks. The company has provided cybersecurity solutions to over 1,300 organizations across the United States and abroad, including financial institutions ranging in asset size from \$12 million to over \$20 billion. SBS delivers unique, turnkey solutions tailored to each client's needs, including risk management solutions, auditing, and education. SBS CyberSecurity empowers customers to make more informed security decisions and trust the safety of their data.

MEMBER BENEFITS

- TRACTM is SBS' integrated cybersecurity risk management software. It simplifies the risk management process and allows the user to make more informed security decisions
- SBS' risk-based IT audit is tailored to the size and complexity of each organization, providing a personalized experience from start to finish. An SBS audit is security-focused and goes beyond simply checking boxes on a list, reviewing your ISP for both compliance and adequacy.
- SBS network security services include IT audit, penetration testing, vulnerability assessment, social engineering, cybersecurity audit, and more. After testing is complete, a cybersecurity consultant is available to provide guidance.
- SBS' experienced consultants assist our clients in building and maintaining a valuable, comprehensive, and repeatable information security program (ISP). Consulting services consist of digital forensics, security awareness training, incident response planning, vendor management services, and a unique Cybersecurity Partnership.
- SBS is a leading provider of cybersecurity education in the financial industry. We have created a unique series of role-based cybersecurity certifications that provide industry-specific information security awareness and risk management skills to employees that will create confidence with examiners and auditors.

South Carolina Student Loan Helping Students Achieve Dreams Through a College Education

South Carolina Student Loan (SCSL) is the only statewide, non-profit education lender, dedicated to making higher education possible for those needing extra financial help to go to college. For those who have finished their education, SC Student Loan also offers graduates in the workforce a loan to refinance their student debt into one loan. We provide programs of financial assistance to enable eligible students and parents to pursue and obtain their educational goals. We will administer these programs with a high degree of pro-fessionalism, fiscal integrity, administrative accountability and excellent service. We aim to enhance the relationship you have with your customer and increase loyalty to your bank.

MEMBER BENEFITS

- Strengthened partnership between the bank and customer
- Over 40 years helping students attend college
- No origination or application fees
- Flexible repayment options
- Fixed rates
- Online loan applications
- Online resource for college funding options
- Uncompromised service

S&P Global

Market Intelligence

S&P Global Market Intelligence

At S&P Global Market Intelligence, we integrate financial and industry data, research and news into tools that help track performance, generate alpha, identify investment ideas, understand competitive and industry dynamics, perform valuation and assess credit risk. For community banks, we offer solutions to help bankers evaluate market opportunities, manage risk and maximize performance.

S&P Global Market Intelligence is a division of S&P Global (NYSE: SPGI), which provides essential intelligence for individuals, companies and governments to make decisions with confidence.

MEMBER BENEFITS

- Less time spent on board and regulatory reporting for greater focus on revenue
- Daily views into overall performance and operations of your bank vs. budget
- Loan and deposit cash flow analysis for improved balance sheet management
- Improved credit administration with faster identification of high-risk loans
- Smarter personnel management to improve efficiency
- Targeted customer profiles for greater, successful cross-sells
- More effective marketing campaigns to grow business and reduce redundant expenses

Thumbprint Signature Program

Are bad checks making a dent in your profit margin? Check fraud costs financial institutions and their customers millions of dollars each year. The Thumbprint Signature Program can help your financial institution fight check fraud without inconveniencing your customers. The Thumbprint Signature Program was created by the Texas Bankers Association to provide a simple, effective and inexpensive method for preventing and deterring check fraud. The deterrent aspect of the program is its strongest advantage. Persons wanting to cash a check are asked to place an impression of their thumbprint on the face of the check using a small “inkless” touch pad which leaves no stain or residue on users or clothing. The procedure is quick, simple and clean. Criminals seeking to commit check fraud are unlikely to put their thumbprints on bogus checks. Those who are foolish enough to cooperate leave a positive ID that can be turned over to law enforcement to be used in cases where fraud is suspected. In many cases, law enforcement will not pursue a check fraud case unless they have this ID.

MEMBER BENEFITS

- The Thumbprint touch pad is a small inkless fingerprinting device that leaves no residue on the finger or clothing.
- All Thumbprint materials are available at a nominal charge through SBAL, including touch pads, window and door decals, teller tent cards and statement stuffers.
- Many of your merchant customers may also benefit from the Thumbprint program, including a wide variety of businesses, such as casinos, grocery stores, convenient stores and many more.
